Forest City Community School District Board of Education Approves Property Purchase

Funding for the purchase provided by an anonymous donor

FOREST CITY, July 17 , 2019 – The Forest City Community School District Board of Education approved a property purchase during a Special Board of Education meeting today. The district will purchase the lot north of the Boman Fine Art Center. The lot is comprised of two parcels of property between J and I Streets and John K. Hanson Drive and 11th Street. An anonymous donation provided to the district will cover the entire cost of the property acquisition.

“We are very grateful for the opportunity to acquire this property,” said Darwin Lehmann, superintendent. “At this time, there are no definite plans for the use of this property; however, the location near the Boman Fine Arts Center, Forest City Schools and Waldorf University opens the door to plan for the future.”

Waldorf University owns a small parcel of adjoining land and a shared service agreement is in process for the land maintenance.
